

by Pub. L. 95-217 and Pub. L. 100-4, that adequate facilities for the safe and sanitary removal and treatment of sewage from all vessels are reasonably available for Hartwell Lake to qualify as a "No Discharge Area".

Section 312(f)(3) states:

After the effective date of the initial standards and regulations promulgated under this section, if any State determines that the protection and enhancement of the quality of some or all of the waters within such States require greater environmental protection, such State may completely prohibit the discharge from all vessels of any sewage, whether treated or not, into such waters, except that no such prohibition shall apply until the Administrator determines that adequate facilities for the safe and sanitary removal and treatment of sewage from all vessels are reasonably available for such water to which such prohibition would apply.

The States of South Carolina and Georgia have certified that there are three existing pump-out facilities and two additional facilities planned to service vessels in Hartwell Lake.

The existing facilities, their address, telephone number, hours of operation and draught are as follows:

A. Hartwell Marina; 1500 North Forest Avenue, Hartwell, Georgia 30643; (404)376-5441; 9 am—5 pm; seven days a week; 16 foot draught.

B. Portman Shoals Marina; Route 11, Anderson, South Carolina 29624; (803)287-3211; 9 am—5 pm; seven days a week; 20 foot draught.

C. Western Carolina Sailing Club; 5200 Westwind Way, Anderson, South Carolina 29624; (803)226-6561; 24 hours; seven days a week; 8 foot draught.

The marinas proposing to add pump-out facilities are:

A. Seneca Marina; Box 1591, Clemson, South Carolina 29631; (803)653-4500.

B. Big Water Marina; Route 2, Box 133A, Big Water Road, Star, South Carolina 29684; (803)226-3339.

The number of boats with marine sanitation devices (MSD's) using the lake has been estimated to be 580. The ratio of boats with MSD's to pump-out facilities is 193.

The petition notes that each of the three marinas with existing pump-out facilities have waste treatment systems that conform with federal law. Hartwell Marina and Portman Marina pump-out facilities discharge into State approved and regulated septic tanks. Western Carolina Sailing Club's facilities discharge into a large holding tank which is picked up by a private concern

that transports the sewage to one of the Anderson County sewage treatment plants.
